1 [Improving software development organizations with autochthony](#)

Pam Rostal, David Williams

October 2006 OOPSLA '06: Companion to the 21st ACM SIGPLAN
conference on Object-oriented programming systems,
languages, and applications

Publisher: ACM

Full text available: pdf(172.35 KB)

Additional Information: [full citation](#), [abstract](#),
[references](#), [index terms](#)

In this poster, we address the fact that development involves both the desire to achieve a shared vision and a willingness to deal with the parameters that constrain improvement. autochthony is an evolving empirical framework for assessing organizations ...

Keyw ords: incremental improvement, readiness assessment, systems thinking

1 [Verification and validation of object-oriented artifacts throughout the
simulation model development life cycle](#)

John T. Carr, III, Osman Balci

December 2000 WSC '00: Proceedings of the 32nd conference on Winter
simulation

Publisher: Society for Computer Simulation International

Full text available: pdf (182.74 KB) [Additional Information: full citation, abstract, references,
cited by](#)

The purpose of this paper is to present a series of questions (or indicators)
for assessing the verity and validity of the artifacts produced during the
entire object-oriented simulation model development life cycle. Using
modern object-oriented development ...
